Nautical Dots: Sunday, June 11th 11am-1pm

With a pattern and a bunch of dotting tools, you'll dot away creating this fun beachy nautical themed plate. We'll teach the technique with a pattern to follow but if you'd like, you'll also be able to adjust the design layout, colors, and pottery shape of your choice.

Rainbow Monogram: Thursday, July 13th 7pm-9pm

Select your monogram, choose your color scheme and unique stamping tools. We'll teach this fun and easy technique with a pattern to follow that can be applied to just about any pottery shape of your choice. Make this piece for yourself because it's super cute, or you can make it as a gift for someone else...maybe a couple getting married or a friend's birthday, etc!

Perfectly Peacock: Thursday, August 24th 7pm-9pm

Select your pottery piece and unique stamping tools (yes, we use real peacock feathers!). We'll teach this fun and easy technique! It looks great on anything from a platter to a vase! Don't forget to invite some "chicks" with you!
